The perfect fit for every huddle room: Kindermann Huddle^{65M}

The working world has changed and today collaboration in hybrid teams is part of everyday life and spontaneous meetings take place in the form of video conferences. This calls for new complete solutions that leave nothing to be desired. This is exactly what the new Kindermann Huddle^{65M} offers, an out of the box all-in-one solution that meets all requirements of new work environments.

Start meetings wherever you like

Whether it's a meeting room, huddle room or meeting lounge - the mobile all-in-one solution Huddle^{65M} transforms any room (up to 25 sqm and 14 participants) into an interactive working environment for hybrid meetings. Plug in, connect, get started - easily and instantly. This is made possible thanks to all the technology mounted on a rolling stand, which includes a 65" 4K touch display, video soundbar, wireless collaboration system and motorized height adjustment. This enables perfect showcases to all participants and make virtual meetings real.

The components in detail:

Kindermann TD-2065 65"

This touch display from Kindermann with state-of-the-art technology meets the highest demands: 40 touch points at 4K UHD resolution, an antibacterial surface for hygienic collaboration even with many users, a high-precision infrared touch frame for exact object recognition and much more. The highlight is the self-developed user interface, which enables intuitive operation. This makes teamwork and presentations easy.

Kindermann CommuniKam KVB120

The all-in-one video soundbar brings video conferences to life. The integrated 4K camera with auto-framing and voice localization puts the respective speaker in the spotlight. The 6-fold microphone array and 2x 7 W speakers ensure perfect sound.

Kindermann KCLICK&SHOW K-FX

This intuitive conferencing and collaboration solution wirelessly connects your notebook to the display and video soundbar, making control a breeze. Start hybrid

meetings with all major UC platforms in seconds. You can also share and edit content wirelessly from all devices, regardless of the operating system.

Kindermann DisplayLift²

The rollable, electrically height-adjustable display stand offers the best stability and safety while making the solution mobile. The high-quality lifting column “made in Germany” of anodized aluminum can be adjusted in height by 50 cm.

Warranty

Kindermann is convinced of the quality of each individual component. Therefore, the company offers a three-year warranty on the complete bundle.

About Kindermann

Kindermann, founded in 1861, is the oldest company in the Pro AV industry and is today one of the leading suppliers acting as manufacturer and distributor. Kindermann has always managed in an intelligent way not only to adapt to new market conditions, but also to advance technologies.

Kindermann stands for conferencing, collaboration and connectivity

The world of work and education has changed massively. Collaboration in hybrid teams and digital teaching place new demands on technical equipment. This is exactly where Kindermann comes in with its smart solutions. Smart stands for intelligent, networked, intuitively operable, but also for sophisticated design.

The company has expanded its own portfolio and is thus represented internationally. For example, the KCLICK&SHOW product family is also very popular in many European countries. It shows how easily wireless collaboration and conferencing can work. The triumphant success of Kindermann touch displays is not only based on the trendsetting technology but is above all due to the intuitive user interface developed in-house. At the Eibelstadt site near Würzburg, series products such as table connection panels, brackets, ceiling lifts and media furniture are developed and manufactured. In addition, exclusive customer requests can be quickly implemented here.

Supplemented by a broad product portfolio in distribution, Kindermann enjoys an excellent reputation as a full-range supplier for conference, presentation and media technology, digital signage and dedicated education solutions.

As a manufacturer and distributor, Kindermann sells exclusively through qualified specialist dealers. Trade partners are supported with competent advice and individual project support - from planning to equipment and integration. Attractive special services round off the portfolio.
